Janesville Weekly Gazette.
TERMS PER YEAR, - - - \$2.00.
IN ADVANCE.
This edition of the Gazette is one of the largest
weekly papers in the State. Having the matter pub-
lished in the Daily to call from in making it up, we
are enabled to furnish a paper of surpassing excellence.
We shall give to each number a correct review of the
markets, and make the paper a complete index of
County, State and general news.

THE NEWS.

There is yet no definite or satisfactory news from Sherman's Expedition; what little we have bearing upon the subject is not of a very encouraging character. We hope the rumor that Admiral Dupont is again to have command of the South Atlantic Squadron will prove true. Dahlgren has not succeeded in adding many laurels to our navy. The rumors of changes in the Generalship of several armies are too vague and contradictory to merit much attention, but we cannot look upon the unsolicited honor of the Lieut. Generalship lately conferred upon Gen. Grant as premature and unfortunate. It is likely to deprive the country of the invaluable services of the best General in the field. It is thought that a bill will be introduced in the House increasing the pay of soldiers to \$18 per month. This to our mind is a much more just and equitable way of paying them than by local bounties. Blockade running at Charleston is on the increase; an item which undoubtedly has something to do with the rumored change in the command of the squadron off that city. We are sorry that the rumor of the agreement for the exchange of prisoners turns out to be without foundation. The rebels are making a free and extensive use of slaves to work upon their fortifications. The Tennessee county elections passed off quietly on the 6th. The results have not yet been telegraphed. Gold, after having touched 64, receded to 62 1/2.

A Sweet Scented Bill.

We observe that Senator Thomas has introduced a bill in the Senate which contains a little more "check" than is palatable to modest men. It contains only one section, but that one of great significance. It is in the following words:

SECTION 1. Chapter 240 of the general laws of 1850 entitled "an act to establish an official State Paper," is hereby amended by adding to section three of said act the following: "and all publications authorized by this act including the general laws passed at this session of the legislature shall also be published in the Wisconsin Patriot, a newspaper published at Madison the Capital of Wisconsin."

In other words, this harmless looking little bill of Senator Thomas simply proposes to establish another State paper at Madison, and pension it upon the State treasury. When the law was originally passed in 1850, making the *Journal* the "official state paper," it was a matter of very questionable expediency in many minds, and now to add to the list a paper of doubtful patriotism, if not virtue, is spreading in on a little too thick. If the *Journal* cannot fill the bill according to the provisions of chapter 240 of the general laws of 1850, without help from the *Patriot*, or if the public interest cannot be subserved by the publication of such laws, acts and orders as the *Journal* can insert, then let the law be abolished altogether, and let the people do as they did before the act authorizing a state paper, was passed. So far as any good would result to the public by the passage of this law, giving this *Patriot* to the *Journal*, no body is fool enough to claim it, and it is simply a miserable copperhead trick to fool unsuspecting men into voting for a measure that has been gotten up to furnish a little oil for a sickly, exhausted, traitorous lamp that might as well have gone to the shades long ago. Any Union Senator or Assemblyman who would vote for such a bill ought to have his own property sold to pay the shameful and unnecessary expense incurred thereby. We have no objections to the *Patriot* making the most money it can out of its own party friends, but after the reprehensible course it has taken since its southern political associates brought on this atrocious war, Union men cannot keep silent when the effort is being made to galvanize its expiring body into newness of life by the aid of the very party that the *Patriot* has so industriously labored to destroy. If the *Patriot* will kick the bucket and have done with it once for all, we should not oppose a small appropriation by the legislature sufficient to pay the necessary funeral expenses, as well as a testimonial of exultant joy to think that the taxpayers had at last got rid of the most persistent leech that ever dogged the heels of a State Treasurer; but we hope that neither Senator Thomas nor any one else will be able to bamboozle the legislature out of \$3,000 per annum for a service (if honestly performed) that will be as valuable to the people as a third wheel on a farmer's cart.

Reader, look out for Senate bill number 191 and see if your Senator or representative votes for it.

We commence to-day an able review of the Kentucky and Wisconsin resolutions, in reply to an article in the Milwaukee *News* some days ago. The remainder of the article will be published to-morrow. It is long, but will well repay a careful perusal, and we think the *News* will find it hard to answer, unless it resorts again, as in the first instance, to mere quibbling and dodging the question at issue. The *News* is entirely off the track in attributing the authorship of these resolutions to Mr. Sloan, but that of course is a matter of little consequence.

GREENBACKS BY THE TON.—Bright tons of greenbacks were carried over the New Jersey Railroad, to Washington one day last week. The money is said to be collections of different internal revenue officers.

STATE NEWS.

The Eau Claire *Free Press* says a large number of loggers have suspended operations this week, on account of the scarcity of snow, and no facilities for teaming. The demand for men to drive shortly, will be more than the country can supply. The La Crosse *Republican* gives several cogent reasons why the overland route to Idaho is more desirable than that by the Missouri river. They are probably sound. A young man named John Weldon, Jr., who resided with his father in the Eighth Ward of the city of Milwaukee, fell into a well on Saturday evening last, and was killed. Henry Lovell, a man of intemperate habits was found dead in an out of the way place in the town of Oak Creek, Milwaukee county, last Thursday. The contract for grading the sixteen miles of the Milwaukee & Western Railroad, otherwise the Watertown Division of the Milwaukee & St. Paul Railroad, between Milwaukee and the junction with this and the Prairie du Chien road, has been let to Messrs. George Burnham and Stephen A. Harrison, of Milwaukee, the previous contract for grading the same having been annulled. There is reported to be a case of small pox in the State Prison. There is considerable religious interest in the Congregational church at Waupun. Mrs. J. M. Blakey of Fond du Lac, died suddenly on Wednesday last, of heart disease. She left an infant only two weeks old. Mrs. Mary Mullen, was killed at Fond du Lac a few evenings since, by the 7:25 train. She had been on the train to bid some friends good-bye, and in her hurry to get off, fell between the platforms of the cars, the wheels passing over and cutting off both legs just above the knees. She only lived a short time after the accident.

General Kilpatrick's Great Raid.

New York, March 6.—The *Times* special gives the following additional statement as to the results of Kilpatrick's raid.

Miles of railroad track on two principal routes over which Lee transports supplies to the northern army of Virginia have been so thoroughly destroyed that some time must elapse before the road can be put in running order again. The depots of commissary ordnance and quartermasters' stores were burned or destroyed. No less than six grist mills and one saw mill principally at work for the rebel army were burned. Six canal boats loaded with grain, with several locks on the James River Canal, and the almost invaluable coal pits of Milliken's Bend, were destroyed. Nearly 300 prisoners were captured, several hundred horses were pressed into the service, and hundreds of negroes availed themselves of the opportunity to come within our lines.

The following account from the expedition after leaving Richmond is of interest.

At night the command went into camp at a place six miles from Richmond, and two miles from the Chickahominy, at half past eleven, just as the confederates were fairly asleep, except those on duty. The rebels opened with a two gun battery upon the camp of Gen. Dugdes's brigade, and the enemy then charged the camp of the 7th Michigan. The men, though taken entirely by surprise, seized their carbines and under Col. Littlefield, supported by the 1st Vermont, Col. Preston, handsomely repulsed the enemy. Several men were wounded, and Col. Littlefield is missing, and it is feared is also wounded.

General Kilpatrick decided to move across the White House Railroad and down the Peninsula during the day. Captain Mitchell of the 2d New York, with the bulk of Dahlgren's command engaged the main column of the enemy on Tuesday night and all day Wednesday, and on Wednesday night hovered all about the command. Skirmishing was almost constantly going on in different directions.

On Wednesday morning about 9 o'clock, a large force of cavalry came from the rear of the column. Gen. Kilpatrick was not unprepared for this, and decided to give them battle. The 1st Vermont, under Lieutenant Colonel Preston, ably assisted by Captain Grant and Cummings, and the 1st Maine bore the brunt of this fight, which lasted something over an hour while the 6th Michigan and other regiments of Gen. Davis's brigade, were in position to render whatever assistance might be necessary. Only one charge was made, and that was by Col. A. J. Mearns, led by Captain Estes, A. A. G., and Capt. Cole, when five of the enemy were captured. The enemy suddenly retired, but when the command moved forward pressed the rear ranks.

Several times an offer of battle was made, but they refused it. To-day (Wednesday) several refugees from Richmond came into our camp and reported the presence of Captain Wilson, of the 2d Ohio, who had escaped from the Richmond bastille, near at hand. For some reason he did not join the command. On Wednesday also Lieut. Whitaker was sent to Tunstall's Station on the White House Railroad, but upon arriving there, much to his astonishment, he found that place in flames. From negroes in that vicinity he ascertained that a column of Union cavalry, from Butler's department, had just left there. This was the first intimation of assistance being so near at hand. On Thursday morning Kilpatrick moved towards New Kent County House, and on his way he met Colonel Spear, in command of a cavalry force, looking after Kilpatrick's command.

PUR OUT.—The Broadhead *Independent* gives an account of a man named Ward, of Delavan, who is said to be worth several hundred thousand dollars, being put out of the city together with his son, on the Galena road between Beloit and Madison by a conductor named Powell, on Wednesday last. Ward said he had bought a ticket and lost it, and afterwards showed a ticket on the Northwestern road, which the conductor refused to take when the "amus" began which resulted in Powell putting Ward and his son off the train.

ARRESTED.—A man named Stevens was recently arrested, says the Outingman *Mercur*, for robbing and burning a mail which was carrying "over the Shawano route," between that place and Wisconsin.

GENERAL PARAGRAPHS.

Postoffices have been re-opened in Tennessee at the following places: Memphis, Nashville, Clarksville, Gallatin, Shelbyville, Murfreesboro, Chattanooga and Knoxville.

A mass meeting of the electors of Rhode Island, held at Providence on the 1st instant, declared in favor of the nomination of President Lincoln. Governor Smith presided.

Arrangements are making by the government for leasing the abandoned plantations in Middle Tennessee. The government agency has been established at Pulaski, in Giles county.

Many persons in Nashville having failed to comply with the order requiring all citizens to be vaccinated in order to stay the spread of small-pox, Gen. Granger has just directed the Provost Marshal to "arrest any persons who are not vaccinated at the end of one week from the date of the order, and convey them outside of the picket lines of that post."

General Rosecrans has issued an order prohibiting the sale of firearms or ammunition in the Department of Missouri, except upon permits from the district commander. A list of all persons permitted to engage in the sale is to be recorded in a book for the purpose, in which purchasers "will be required to sign a contract, binding themselves to keep the arms they are permitted to purchase for their own defense and that of the federal Union, and that they will not dispose of them under any circumstances until peace is restored throughout the United States."

The civil affairs of Idaho are in such an unsettled state that it is believed it will be impossible to establish good government there until the territory is divided. The seat of government is in the extreme north-west corner of Idaho, from which the eastern part of the territory is cut off by a mountain range, placing it quite beyond the control of the authorities while stationed so far away. The emigration this spring will be very heavy, and the Overland Mail Company are about to establish a daily line of coaches from Salt Lake City to the territory.

THE CLERICAL KISS.—Dominie Brown had reached the mature age of five and forty without ever having taken part in this pleasant labial exercise. One of his deacons had a very charming daughter, and for a year or two the Dominie found it very pleasant to call upon her three or four times a week. In fact, all the neighbors said he was "courting" her, and very likely he was, though he had not the remotest suspicion of it himself. One Monday evening, he was sitting as usual by her, when a sudden idea popped into his head.

"Miss Mary," said he, "I've known you a long time, and I never thought of such a thing before; but now I would like you to give me a kiss. Will you?"

"Well, Mr. Brown," replied she, arching her lips in a tempting way, "if you think it would not be wrong, I have no objection."

"Let us ask a blessing first," said the good man, closing his eyes and folding his hands. "For what we are going to receive, the Lord make us thankful. The chaste salute was then given, and warmly returned.

"Oh, Mary, that was good!" cried the Dominie, elated by a new sensation. "Let us have another, and then return thanks."

Mary did not refuse; and when the operation had been repeated, the Dominie ejaculated in a transport of joy: "For the creature comforts which we have now enjoyed, the Lord be praised and may they be sanctified to our temporal and eternal good."

History says that the fervent petition of the honest Dominie was "duly answered; for in less than a month Mary became Mrs. Brown."

NEW HAMPSHIRE to-day opens the ball for the political campaign of the year 1864. We hope to-morrow to chronicle the entire success of the Republican Union ticket, but are not without fears that our friends in that State have not been sufficiently awake to the importance of the occasion. A day or two will tell.

Judge Smith, of this State, has been removed from office as one of the tax commissioners of South Carolina. His successor is D. M. Cooley.

CALL TO RENT.—McKAY & BRO.
offer the Hall on the 3d floor of the new building at the corner of the 3d and 4th streets. It was used by the Gazette as a printing establishment. Has a good passage way lighted to the street. Rent \$100 per month. Apply to J. L. DARLING.

DIANO PORTES.—I have an ox-cart, with a new harness, for sale. My horse is a good one, and cheap. Please call on J. L. DARLING.

LOCAL MATTERS.

PERSONAL.—Hon. I. C. Sloan, the faithful and popular Representative in Congress from the Second District, is now at home, in this city, having arrived here yesterday afternoon. We regret to see that he is not in his usual good state of health, but trust he will soon be fully restored.

NEW SLEEPING CARS.—Both the Northwestern and the Milwaukee & Prairie du Chien Roads are building handsome sleeping cars, which will soon be ready for their respective tracks. From what we have heard of these cars they bid fair to eclipse anything of the kind heretofore in use in this State.

INTERESTING TO PENSIONERS.—Mr. J. B. Selby, Jr., Pension Agent for Wisconsin, gives us the following information which will prove of interest to those in Rock and adjoining counties, entitled to pensions:

"United States pensioners of Rock and adjoining counties, desirous of drawing their payment at Janesville, can have a check payable at the First National Bank, Janesville, in treasury notes, by sending a request with their vouchers to the pension agency at Milwaukee."

MILWAUKEE & PRAIRIE DU CHIEN ROAD.—Notwithstanding the severity of the past winter and the hard times for railroads generally, the Milwaukee & Prairie du Chien Road is in excellent condition for Spring business. The road bed is in a good state of repair and the rolling stock has been well kept up. This road will give the La Crosse some sharp competition during the coming season, unless the last named road makes needed and substantial improvements soon.

SPIRITED RUNAWAY.—DOWN COMES THE GROCERY.—This afternoon a span of horses attached to a lumber wagon started on a run from near the Corn Exchange, and followed up Milwaukee street until they reached the corner of Jackson, where they ran plump into the grocery store of Mr. Griswold, making a general chowder, composed of a span of horses, a large show window, barrels of apples, and potatoes, boxes of tallow candles and spices, etcetera, etcetera, with just a narrow escape from having a woman thrown in. She was badly frightened and barely escaped serious injury. The horses, which were considerably cut, belonged to a Mr. Cutter of Bradford or Johnston.

SAD OCCURRENCE.—On Friday morning, March 5th, Mr. E. F. Williams, of Whitewater, brother of C. G. Williams, Esq., of this city, left his home in usual health for Hebron, about six miles distant, for a load of flour. Having obtained his load, and when within a mile and a half of home, one wheel of his wagon falling suddenly, as was supposed, into a deep rut, he was violently thrown from his place on the load, probably some seven or eight feet, to the ground, striking on his head, injuring him so badly as to cause his death in a few hours.

Mr. W. was 51 years of age, and had been for about 20 years a resident in the vicinity of Whitewater. He was extensively known, and had numerous friends. A good citizen and a worthy man, his loss will be deeply felt in that community, and especially by the bereaved family. The funeral was largely attended at Whitewater, on the 7th inst. Rev. Mr. Lawrence, of this city, conducting the religious exercises. Truly, "In the midst of life we are in death."

SCHOOLS IN THE TOWN OF ROCK.

Mervin A. Hayner, 23, 15, 65
Cynthia G. Hayner, 23, 15, 65
Ann H. Hayner, 23, 15, 65
Ferdinand H. Hayner, 23, 15, 65
Wm. H. Hayner, 23, 15, 65
Charles H. Hayner, 23, 15, 65
George A. Hayner, 23, 15, 65
Lillie B. Hayner, 23, 15, 65

The school of Miss Jane E. Hayner, though small, is an interesting one. The enthusiasm of her pupils in performing their school exercises shows that she has a wonderful influence over them. She evidently loves her work, and her work commands her faithfulness. The attendance upon the school taught by Mr. Hayner was small, on account of an epidemic prevailing in the neighborhood. Miss C. G. Hayner has a wonderful tact in securing the closest attention in class exercises. Each pupil seems ready at any time to take the place of another that is reciting, and to continue the recitation with the same accuracy, as if he had performed the whole task alone. The teacher is rarely compelled to correct a mistake, or to make an explanation. She has educated her pupils to perform this labor for her. This is a good index of a teacher's success. Misses Palmer and Thayer are more than ordinarily successful in their schools.

NEW CARRIAGES RECEIVED AT
McKAY & BRO.—We have just received 100 packages of CARRIAGES, of all styles and makes, including the latest styles of the English and American. We have also a large stock of harnesses, and all the necessary trappings for carriages. We are prepared to make and repair carriages, and to furnish the public with all the goods and services that may be required. We are located at the corner of the 3d and 4th streets, and are open from 9 o'clock in the morning until 6 o'clock in the evening.

FROM SHERMAN'S COMMAND.
New York, March 8.—Persons from the South report that a strong force was sent from Atlanta and Macon to Montgomery on the advance of Sherman becoming known. Ten thousand slaves were at work on fortifications and a large quantity of guns sent there from Augusta. It was thought Gen. Polk, who was encamped on the eastern side of the Tombigbee, would have no trouble in repulsing Sherman. The banks of the river furnished him a splendid line of defense.

New York, March 8th.—The steamship *Glascow*, from Liverpool, has arrived; news anticipated.

FROM KNOXVILLE.
KNOXVILLE, March 6th.—The county elections yesterday passed off quietly; whole number of votes cast in Knoxville, 261, against an average vote in peace times of 700. Making allowance for absentees in the army and the vote is full and larger than anticipated. In the country districts it was fuller; 100 votes were polled in the neighboring districts in Sevier county, against the usual vote of 170. The returns of Knox county will not be all in until to-morrow. No report as yet received from adjacent counties. The vote would have been much larger but many undoubtedly loyal men objected to the oath required by Gov. Johnson, as a condition, did not vote.

There is nothing new in army affairs except the capture, at Chillicothe Mountain, of 60 rebels by the 4th Indiana cavalry.

A brigade of rebel cavalry dashed into our lines to-day at Massy Creek, but were handsomely repulsed. We took a few prisoners.

FROM LEF'S ARMY.
WASHINGTON, March 7.—The *Herald's* Army Potomac special says despatches report rebel supplies exhausted, and that the army is receiving nothing from Richmond, and the greatest difficulty experienced to subsist the troops. Large details were made to forage south of the Rapidan.

FROM WASHINGTON.

New York, March 8.—The *Herald's* Hilton Head letter has a rumor that Admiral Dupont is to again command the South Atlantic Squadron.

The *Herald's* Washington dispatch says rumor says that Gen. Grant is to take Halleck's place immediately, while Gen. Hooker commands the Army of the Potomac.

The *Tribune's* Washington Special says rumor assigns to Halleck the rank of Acting Assistant Adjutant General, which is practically a higher position than that he vacated.

Delegations from New York and certain banks who came here to effect a change in the National Banking Law as will let in their institutions with their distinct names, have accomplished their mission. The clause in the act requiring the new banks to be designated by numbers will be stricken out.

It is thought a bill will be introduced in the House next Monday increasing the pay of soldiers to \$18 per month.

One or two more ships of war are to go to the Pacific.

The business of blockade running is resumed at Charleston. Hardly a week passes without a couple of vessels getting in.

Over ten thousand negroes are engaged in the fortifications of Charleston. A joint stock company is organized at Charleston for the purpose of blockade running, and two swift steamers are now employed between there and Nassau. Two successful trips are reported within a month.

The *World's* Washington Special says: Our relations with France are in a very critical condition.

Gen. Grant's visit here does not affect Gen. Halleck's position, but is for general consultation.

The *Tribune's* Washington dispatch says: The President has received a dispatch stating that Col. Dahlgren and command reached Williamsburg Monday morning. It is impossible to say whether this report or the one of his death is correct.

The *World's* Washington dispatch says: The recent statement that a general exchange of prisoners is about to be made is without foundation.

It is supposed General Grant will endeavor to have the former plans of the administration modified and present his own views respecting the conduct of military affairs. Many persons think he is inclined to change his basis of operations and attack the rebels on another side.

EARTHQUAKE IN CALIFORNIA!

NOTHING NEW FROM SHERMAN!

A Bill to give Soldiers & Sailors Homes!

EARTHQUAKE IN SAN FRANCISCO

SAN FRANCISCO, March 6.—The severe earthquake ever experienced here occurred this morning.

FROM WASHINGTON.

WASHINGTON, March 8.—House.—Kasson presented resolutions of Iowa Legislature in favor of soldiers discharged in consequence of wounds and disabilities, being employed in situations which they are competent to fill under the Government, and heartily endorsing the policy of paying soldiers and sailors of African descent the same as given to whites for similar service. Resolutions were referred to military committee.

Nothing has officially been received concerning Sherman's expedition. James S. Emory has been appointed District Attorney for Kansas, and Abel Bennett, Agent for the Kickapoo Indian lands.

Solicitor Whiting, of the War Department, has sent a letter to the committee on public lands, relative to confiscation of Southern lands that the committee, it is understood, have prepared a bill in accordance with Whiting's suggestions, to secure to persons in the military and naval service homesteads on confiscated or forfeited estates in the insurrectionary districts.

FROM PORTLAND.

PORTLAND, March 7.—Jacob McLellan, the Union candidate, is elected Mayor of this city, over John B. Carroll, by a majority of 1,130, against a majority last year of 145 for the same candidate. The Union gain is 935. All the wards have gone Union, electing every alderman in the council and subordinate officers.

FROM NASHVILLE.

NASHVILLE, March 7.—The guerrillas prevented the election in Hickman county on Saturday last, by destroying the boxes and scattering the ballots. The band was under the leadership of a notorious guerrilla from Gen. Rosecrans's district. All quiet at Chattanooga.

FROM EUROPE.

COPENHAGEN, Feb. 13.—8 o'clock P. M.—The Danish monitor iron-clad *Kralrick*, has attacked Engesund. She attempted to destroy the bridge erected by the Austro-Prussians in the Bragser peninsula, but could not get near enough to do so owing to the shallow water. She fired seventy-two shots, and the German battery fired one hundred and fifty. One shot went through her funnel.

The Germans drove the Danish pickets from the Strondur and Nubel woods. The Danes subsequently rallied in force, when the Germans retired without offering resistance.

The positions of the Germans in Brageland is very dangerous. A dispatch in the London *Times* says the Swedish Minister at Copenhagen had been summoned to Stockholm, to confer with the Government there.

There is in Paris an unmistakable and wide-spread sympathy with Denmark. The Danish position at Duppel is defended by 40,000 men and two hundred cannon.

The *Times* city article of the 18th says the bullion now held by the bank of France is £7,000,000, being £400,800 less than at last dates.

The sum of £27,000 in gold was taken to-day at the Bank of England.

FROM WASHINGTON.

WASHINGTON, March 7.—Col. Rosloff, Danish Minister, has gotten out a pamphlet, representing the Danish view of the Schleswig-Holstein question, for private circulation among members of the Cabinet, Congressmen and foreign diplomats. It is understood that the German Ministers will reply to what they consider his fallacious statements.

Vermont, New Hampshire, Connecticut, Rhode Island, Indiana, Illinois, Michigan and Iowa, have raised their full quotas under the 500,000 call; Ohio, Wisconsin and Missouri very nearly so; Pennsylvania and Kentucky continue to make the worst showing.

It is not true that as soon as the impending draft is completed another will be ordered, but a proposition is entertained in the War Department to make an additional call for 200,000 men before the draft is made, in order to make up for the deficiency to be caused by the transfer of men from the army to the navy, and to raise and keep ready for emergencies two large reserve bodies, one to be formed in the West, and the other in the East.

It is stated authoritatively that the order to retreat from Gettysburg after the first day's fight, proved before the Committee on the Conduct of the War to have been given by General Meade, was issued before he reached Gettysburg, upon the position that the enemy advanced upon him for the purpose of giving battle. General Meade selected favorable ground some miles east of Gettysburg, upon which he meant to await the approach of the rebel army, and directed the troops in advance to fall back to it. Upon reaching Gettysburg, however, he satisfied himself of the superiority of position held by our troops near town, and determined to give battle from it, and countermanded his previous orders.
